THE OLD EXCUSE.

The Salt Lake Tribune regrets that Senator Jones has left the Republican party and become a straight Silver man, because the Tribune thinks that the only result of his act will be to help the Democrats in the election. Whenever a Democrat leaves his party from the Silver side of politics, the Democratic papers "regret his action" on the ground that it will only "help the Republicans." It is their miserable hide-bound partisanship that keeps back the Silver fight. It is time that men ceased to be so narrow minded, and come out flat footed for what they believe. When politicians want to serve the gold trust party, they do it without considering any other party at all.

There are really but two parties in the field of politics today, the Silver party and the Gold party.

Corbett's Mad Up.

Jim Corbett after being foiled in getting Peter Jackson to advertise his six months theatrical tour has finally lost his temper. He writes as follows:

If Jackson wants a fight, I will name as referees the men as satisfactory to me now. The following are the acknowledged referees of this country: John Duffy, of New Orleans; P. J. Donahue of New York; John Eckhardt, of New York; Geo. Siler, of Chicago; John Kelly, of New York; and Al Smith, of New York. All of them are satisfactory to me. I want to put this man on record. Does he dare to insinuate that any of these men would stoop to give him the worst of it? He talks about fighting in three months, when he knows that this Club has shown him that it is impossible for them to bring it off in that time. If he is so anxious to fight me, why don't he come to where I am and he can get all the fight he wants in twenty-four hours' notice, or I will meet him secretly at once at any place he names, or will show him up plainly. The truth of the matter is that this man hates Americans because they do not consider him as good as they are, and because he is not allowed to pose and strut about and be looked up to and worshipped as he is on the other side of the water. When he sails for England, he will never return here, and while 3000 miles away will keep up his wordy war on me and try to persuade the public that he is on the level, when I know his purpose in going to that country is to engage in a fake fight with another broken down fighter, Slavin. He says that he is not an actor and that his theatrical contracts do not interfere with him. No, because his attempt to appear on the stage was a dire failure and the managers throughout the country now refuse to book him.

"In conclusion, Mr. Peter Jackson, I tell you plainly that I will fight you privately or openly in one week, one month, two months or three months' time for as much money as you can raise, purse or no purse, in a Club, on a barge, in a hack, in a room, anywhere in America.
